SHARP, STABBING PAINS Often Tell of Weak Kidneys. A Medina Resident Shows You What To Do

The sharp twinges of pain in the small of the back that strikes you after any sudden twist or awkward motion, may tell of weak kidneys.

Doan's Kidney Pills are prepared especially for weakened kidneys, kidney backache and bladder trouble—have proven their merit in thousands of cases. Doan's Kidney Pills are endorsed throughout the civilized world—are recommended by Medina residents.

Mrs. James Ritter, 438 S. Huntington St., Medina, says: "For five years I was troubled with kidney disorder. I had severe pains in the small of my back. If I bent over, sharp pains would run up into my shoulders when I tried to straighten up. My back ached constantly and I felt miserable. My kidneys were weak and I was greatly troubled on that account. Mornings I got up feeling more tired than at night when I went to bed. I had headaches and dizzy spells. I heard a lot about Doan's Kidney Pills and tried them. I found them a great relief from this trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mrs. Ritter had. Foster-Milburn Co., Props., Buffalo, N. Y.—adv.
